Unlock your life with smart solution
Leave your home security to Be-Tech

Various access
Be-Tech 1313M has two access solutions, therefore Card key or Mechanical key for your convenience.

Operation status notification
Whenever any operation is made, the LED indicator informs you what is happened through different color and blinking.

Tubular latch locking mechanism
International standard jimmy proofing tubular latch.

Automatic locking
Door lock will be locked automatically after opening door a few seconds (Manual operation is also available)

Missing key invalidation
Once you lose your key, it has no validation as long as you re-register rest of your keys.

Low battery warning signal
A continuous "beep" sound during door access will alert you to replace batteries.

Mechanical key override
For emergency, it can also be unlocked with a mechanical key.
