**Unlock your life with smart solution**  
Leave your home security to Be-Tech

**Various access**

Be-Tech 1036K has two access solutions, PIN code or Mechanical key for your convenience.

**Stainless keypad**

Keypad is made by stainless steel, reliable and long lasting.

**Operation status notification**

Whenever any operation is made, the LED indicator informs you what is happened through different color and blinking.

**Anti-panic egress mortise**

For convenience and in case of emergency, the deadbolt and latch of mortise are automatically retracted by inside handle.

**Automatic locking**

Door lock will be locked automatically after opening door a few seconds (Manual operation is also available)

**Alarm (Incorrect PIN code attempt)**

Alarm will on and last 60 seconds if anyone attempts to open the lock by key in 6 times incorrect PIN code.

**Low battery warning signal**

A continuous "beep" sound during door access will alert you to replace batteries.

**Scramble code**

You can meaningless number prior to the right code when there is chance of exposing it to others.

**Mechanical key override**

For emergency, it can also be unlocked with a mechanical key.
