# SPECIFICATIONS

## Data Synchronization:

With this function, there is no need for users to setup the safes one by one with keypad. Users just need to setup one of the safe, and synchronize that safe's setting to the sync kit, then programs all of the safes with sync kit. It is fast and convenient solution for programming amount of safes.

## External power supply:

When the battery is low, 9V battery with DC external power socket can be used as emergency power supply.

## Outlets:

Optional internal power outlet mounted on the inside door available on Keel 3FL and 5FL for guest's convenience of use (Universal, EURO and UK).

## AC/DC adapter:

Optional AC/DC adapter power supply for reducing battery consumption. This helps hotels build-up the image of "Green Planet" environmental protection.
